CABLE WRITING REFRESHER COURSE

The response of DD/P employees to the Cable Writing Refresher course has been so favorable that the Clandestine Services Training Officers have received many requests to increase the attendance quotas. Accordingly, the Office of Training has agreed to raise the overall attendance figure from 120 to 140 students for the next four runnings. OTR has made a complete set of tape recordings of this program which can be transcribed and given dissemination at both headquarters and in the field.

CONFERENCE ON INTERNATIONAL COMMUNICATIONS

A representative of the Office of Training attended a conference on International Communications sponsored by the Center for International Studies, MIT. The purpose of the conference was to consider a new program of instruction, at the graduate level, designed to prepare professional personnel in research or operations in the field of propaganda. The focus of the program will be on ways in which communications among nations affect their policies and the attainment of their objectives. This office is ascertaining the extent of Agency interest in participating in the program which begins in September 1956.
